ARE SKIRMISHING.

The Cossacks Are Keeping the Japanese Busy in Protecting Their Rear.

HEAVY FIGHTING EXPECTED SOON.

No Information Received in St. Petersburg of the Reported Ambushing of Russians.

Long Report Received From Adm. Togo in Which He Covers the Operations of His Fleet Since June 6.

St. Petersburg, June 14.—No information reached the general staff Monday night regarding the reported ambushing of Russians at Pulan Tien as the result of which they were alleged to have lost 800 men. The only thing of the least significance in this connection in the short dispatch received from Maj. Gen. Karkovitch, which was sent on June 12, the day the battle is said to have occurred. Gen. Karkovitch does not mention the Pulan Tien fight of which the authorities presume he would have heard had it occurred. His dispatch only covered events up to the preceding day.

General news from the southern part of the Liao Tung peninsula is of the scantiest kind, in the absence of official news, the officials here are not inclined to speculate as to the situation. Up to a late hour Monday night nothing further had been heard from Port Arthur.

The reports of continuous skirmishing along the railroad south of Vafangdian are taken to show that the Cossacks are keeping the Japanese busy in protecting their rear. While heavy fighting is not regarded as being imminent, a more or less severe brush with the enemy is likely at any time.

Tokio, June 14.—A long report has been received here from Adm. Togo in which he covers the operations of the fleet since June 6 and repeats his former account of the bombardment of the west coast on the Liao Tung peninsula. Continuing the admiral says that the captain of a foreign vessel that left Yin Kow on Wednesday, June 8, reports that the recent Japanese bombardment in the vicinity of Kaiping, south of New Chwang, caused Russian forces to the number of 3,000 with 20 guns to evacuate Yinkow.

Two men, who were taken prisoners by the Japanese while on their way into port, report that two Russian regiments, numbering in all about 5,000 men, arrived recently at Manchalin, Vafangow and Vafangtien. The prisoners say also that large numbers of Russian troops are coming south from Mukden every day.

On Wednesday, June 8, a detachment of the fleet bombarded and dispersed two companies of Russian troops who were on Kai-Ping Point. On Friday, another detachment of the fleet bombarded the enemy for two hours near Ying-Chin Tsu and Tsan Tia-Kao, inflicting much damage upon them.

Another detachment of the Japanese fleet, according to Adm. Togo's report, discovered four Russian torpedo boat destroyers in Talienwan bay near Shaopingtan and drove them back to Port Arthur. Thirty floating mines have been found and destroyed, some of these drifting into Peichili gulf.

St. Petersburg, June 14.—The following official statement of Russian losses in the war has been issued:

Navy, 44 officers and 920 men killed; 13 officers and 220 men wounded.

Army, 36 officers and 980 men killed; 103 officers and 2,089 men wounded.

Taken prisoners, 20 officers and 696 men.

THE FORUM EXCAVATIONS.

An Ancient Capstan in Good Condition Discovered.

Rome, June 14.—Signor Giacomo Boni, the archaeologist who is directing the excavations of the Forum, has found a heavy capstan with eight fixed levers of wood. The wood is perfectly preserved while the iron fixtures have become oxidized. The discovery is considered of the greatest importance as being the first known mechanical contrivance dating back 2,000 years. The capstan, which was found almost intact, has a diameter of over two yards. Signor Boni has ordered the capstan with a special preparation for the purpose of preserving the wood.

Attempt to Kidnap a Consul.

London, June 14.—The correspondent of the Times at Tangier says that an attempt was made to kidnap the Italian consul at Larache, but that the attempt failed, because of a timely warning which had been conveyed to the consul.

THE C. H. & D. ROAD.

The Pere Marquette Secures An Interest in the Property.

New York, June 14.—Papers have been signed by which the Pere Marquette railroad system, of Michigan, secures an interest in the C. H. & D. This, with other holdings included in the deal, is expected to give the Pere Marquette absolute control. Vast improvements in Cincinnati are contemplated, it is said, as a result of the deal. It is also said that at least \$3,000,000 will be expended on terminal extensions and permanent improvements, in which the Erie railroad will also figure.

A current statement that these two lines have bought the control of an interest in the Toledo Belt is declared to be incorrect, but it is said they have made long term contracts for the use of the Toledo property, thereby connecting the two systems. A natural community of interest between the Cincinnati, Hamilton & Dayton and the Pere Marquette will lead to complete harmony in operation, but there is said to be no present apparent prospect of any merger.

THREE PERSONS DROWNED.

Their Bodies Were Recovered Locked in Each Other's Embrace.

Greensburg, Pa., June 14.—Locked in each other's embrace, the dead bodies of three young men were Monday night taken from the dam at the Mutual No. 4 plant of the H. C. Frick Coke Co., Mount Pleasant township. The dead are: Newton Stuchel, of Indiana, 24; Charles Hoburn, Kecksburg, 18; Oscar Newburg, of Greensburg, 17. All were employed by Jacob Stuchel in the operation of his steam sawmill near United. Monday evening Hoburn and Newburg went to the dam and, undressing, went in wading. Neither could swim and after going about 100 feet from the bank, got beyond their depth and in their frantic efforts to return to the bank they got into deeper water. Newton Stuchel went to their rescue and was dragged under by the boys, who grasped his arms and legs. Stuchel was married only a week ago.

RUTHLESSLY BUTCHERED.

Wholesale Massacres and Destruction of Armenians' Property.

Constantinople, June 14.—Armenian patriarchs have received information that an irade has been issued by the sultan which has resulted in wholesale massacres and the destruction of Armenian property. The irade prohibits the settlement of Armenians in the villages destroyed. According to the information received two days were devoted to the massacres, May 16 and June 3. On these two days 37 villages were destroyed and of a population of 5,000, 2,000 were massacred. Women of the villages who disappeared during the massacres have been recovered by their husbands, but most of the girls have not been seen since and probably are by this time in the sultan's harem or the tents of the soldiers.

He was appointed a cadet from Akron, O., and graduated in 1874.

SEVERAL ARRESTS

Most Important Was That of the Attorney For Western Federation of Miners.

IT WAS ORDERED BY GEN. BELL.

He Was Taken From Victor to Cripple Creek and Placed in the Bull Pen.

It Is Likely Gov. Peabody Will Be Asked to Continue the Soldiers in the Field For An Indefinite Period.

Cripple Creek, Col., June 14.—A number of arrests were made Monday. The most important was that of Frank J. Hanks, attorney for the Western Federation of Miners. The arrest was ordered by Gen. Bell. Mr. Hanks was brought from Victor to Cripple Creek and placed in the bull pen. Strict orders were given that he be not allowed to communicate with anybody.

Gen. Bell said in connection with the arrest: "It was necessary for the peace, quiet and good of the county of Teller and the state of Colorado."

The contemplated withdrawal of troops has called out a protest from the Citizens' Alliance and Mine Owners' association, and it is likely that Gov. Peabody will be asked to continue the soldiers in the field for an indefinite period. The citizens say that martial law has had a salutary effect and the fear that if declared off at present many of the deported men will return. Saloons were permitted to reopen Monday.

Attorney Hanks, it is said, will be held as a military prisoner just as President Charles H. Moyer, of the Miners' Federation, has been held at Telluride.

Gen. Bell sent out a party of soldiers and deputies Monday afternoon on horseback to capture a party of 25 to 40 armed men who, the military authorities declare, are hiding in the mountains north of Cripple Creek and are prepared to resist arrest to the death. The searching expedition is equipped for four days' absence should so much time be required to accomplish its purpose. It is reported that some of the deported men have already returned to the district, but so far as known none of them has been recaptured.

A man named Fitzpatrick, an elderly member of the Victor Miners' union, who had been imprisoned in the bull pen since Tuesday of last week, has been removed to the county hospital. He is suffering with kidney and stomach trouble, resulting, it is alleged, from blows received in the riot which occurred one week ago Monday in the streets of Victor. He formerly was sheriff at Plattsburg, N. Y.

ALLEGED ROBBERS.

Two Wounded in a Fight With a Posse at Marshfield, Mo.

Marshfield, Mo., June 14.—In a battle between three alleged post office robbers and a posse of citizens in this city at an early hour Monday morning two of the robbers were badly wounded and captured while the third man escaped. One of the captured men says his name is John Requa, aged 25, of Little Rock, Ark. The other man says he is 21 years of age and gives the name of Harry Reaves, of Birmingham, Ala. The post office at Hartsville, Mo., was robbed last Friday night and a store at Owden, seven miles west of Hartsville, was robbed Saturday night. Postmaster McVey, of this place, was warned that the robbers were headed this way with the possible intention of robbing the post office here. McVey with a posse of citizens was on guard at his office when the robbers arrived and made preparations to break into the building. The robbers were ordered to surrender but responded by firing on the postmaster and his friends. The fire was returned and two of the robbers fell with their heads and bodies punctured with shot. The third robber made his escape.

Lexington, Ky., June 14.—Police Judge John J. Riley, Monday had a Negro boy, 16 years old, whipped by his mother on the public square, and the scene was witnessed by hundreds of people. Simon Searce was before the court charged with striking a small white boy. Judge Riley believed a public whipping was the best form of punishment, and that it would also be an example to the colored element. It was the first public whipping in the history of the city.

ANNUAL REUNION.

The United Confederate Veterans Convened in Nashville, Tenn., Tuesday Noon.

THE BATTLE ABBEY COMMITTEE.

Their Report Shows There is Available About \$206,000 For the Erection of the Memorial.

Funds Will Be Raised to Establish a Library of American and Especially Southern History to Become Part of the Abbey.

Nashville, Tenn., June 14.—Nashville is crowded with visitors, veterans and delegates to the 14th annual reunion of the United Confederate Veterans, which opened officially Tuesday. All day long and far into the night trains were arriving at frequent intervals from all parts of the south bringing the old warriors, their friends, families and sponsors. There are delegations present from Missouri and as far north as Montana.

The Battle Abbey committee met Monday night at the Baptist publication house. The most important matter taken up for consideration was the report of the committee on the Abbey. This will be submitted to the convention for its action. The report of the committee shows that the treasurer has in hand nearly \$106,000 in cash. In addition thereto are subscriptions collectible totalling \$100,000, making the total money available for the erection of the Abbey \$206,000. The committee is trying to raise \$300,000, but the work can begin any time now with the money in hand. The exact date for the inauguration of the work, however, has not been decided.

The committee states that more funds will be raised as soon as possible to establish a complete library of American and especially southern history, which will become a part of the Abbey. The historical committee, of which the scholarly Gen. Clement A. Evans, of Georgia, is chairman, will submit a report to the camp, setting forth the congratulations of the committee to the south on the reforms made in the histories in which the south is now much more fairly treated by authors than formerly. This has been accomplished, the report says, only by the persistent efforts on the part of the people of the south.

The report of the committee on treatment of prisoners during the war also made by the historical committee, will be presented. It shows that in all instances humane treatment was given federal prisoners.

The convention was called to order at noon Tuesday in the tabernacle by Gen. G. W. Gordon, of Memphis, as department commander, and after several welcoming speeches the acting commander-in-chief, Lieut. Gen. Stephen D. Lee, delivered his address.

On Wednesday there will be another business session and on Thursday the veterans will have their parade. It seems to be the general impression that Gen. Lee will be elected unanimously to succeed Gen. John B. Gordon. The friends of Louisville, Baltimore and New Orleans are already in the field for the next reunion. The movement for a permanent meeting place has its friends as well as opponents and it is not thought that the matter will crystallize into action at this year's reunion.

MAKE it unanimous for the sewer bond proposition June 28th.

We have the carnival and pow-wow this week, but next week there will be an entire change of program, with the teachers of Kentucky as our guests. Plan to give them a cordial welcome, and make their stay a pleasant one.

It is only a question of a few years at the most when the city will be compelled to provide a proper sewerage system for the Fifth and Sixth wards. Its construction this summer means the erection of a big tobacco plant at a cost of over \$60,000, a plant that will give employment to from 150 to 250 hands. Vote for the sewer bonds June 28th.

By voting the \$12,000 sewer bonds, a plant whose erection and equipment will require over \$60,000 and that will furnish employment to from 150 to 250 hands is assured. The sewer has long been needed for the east end of the city, and now is the time to build it, when so much depends upon the improvement. Vote for the sewer bonds on June 28th.

The Indianapolis Sentinel figures out that Roosevelt's administration has cost so much that if the sums appropriated were divided into ten-dollar bills, placed end to end, the earth could be belted and 6,000 miles be left, and the general belief is that if he should be given four years more he would very easily make a new record in extravagant expenditures. Why not turn Teddy out?

The erection of the big tobacco plant in the Sixth ward will in all probability be followed by a large stemmery next year. Assurances have been practically given to that effect, provided the required labor can be secured. The stemmery in Louisville employs as high as 1,400 hands. A plant of that kind means much for Maysville. Everyone who has the city's welfare at heart will vote for the sewer bonds June 28th.

What Drove Them Mad.

[Washington Post.]

An alienist and a publicist were dining together.

"What would you imagine to be the chief cause of insanity?" the alienist asked.

"Alcohol," said the publicist.

"Right," returned the other. "A census has been made of 136,000 lunatics, and it has been found that 18,290 of these went mad through drink."

"What were the other causes of insanity among them?" said the publicist.

"Well, there was overwork. There was love. There was old age. There was sunstroke. But these causes were insignificant in number beside alcohol. Love, for instance, had brought on 2,224 cases of insanity; overwork, 761; sunstroke, 1,386."

Thanatos Athanatos.

[Deathless Death.]

[John Hay in Century.]

At eve when the brief wintry day is sped,
 I must beside my fire's faint-flickering glare—
 Conscious of wrinkling face and whitening hair—
 Of those who, dying young, inherited
 The immortal youthfulness of the early dead.
 I think of Raphael's grand-seigneurial air:
 Of Shelley and Keats, with laurels fresh and fair
 Shining unwithered on each sacred head:
 And soldier boys who snatched death's starry prize,
 With sweet life radiant in their fearless eyes,
 The dreams of love upon their beardless lips,
 Bartering dull age for immortality:
 Their memories hold in death's unyielding fee
 The youth that thrilled them to the finger-tips.

J. J. Wood & Son Will Pay For Hyomei Themselves When it Fails to Cure Catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advertised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that J. J. Wood & Son, one of the best-known druggists in this section, have so much confidence in the power of Hyomei to cure catarrh that they sell it under their personal guarantee to refund the money if the purchasers can say that it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consisting of a neat inhaler that can be carried in the purse or pocket, a medicine-dropper, and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds, which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to begin the use of Hyomei, remembering that J. J. Wood & Son sell every package on a positive guarantee to refund the money if it fails to cure.

It is worth considerable to any citizen of Maysville to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mr. J. C. Gabby of 925 East Second street says: "For many years I suffered severely from itching hemorrhoids. I bought every remedy I heard of, but do what I might the trouble grew worse instead of better. It was particularly aggravating after I retired and I lost much sleep because of the intense itching. I had the good fortune to learn of Doan's Ointment and I bought a box at J. Jas. Wood & Son's drugstore. The wonderful relief I obtained from its use was almost beyond belief. I soon felt that I was cured. I continued the treatment for a time, however, to make assurance doubly sure."

CARNIVAL AND POW-WOW.

Red Men's Street Fair Inaugurated Under Favorable Auspices—Robinson Amusement Company's Many Attractions.

The Red Men's Pow-wow and Summer Carnival was inaugurated Monday under favorable auspices.

The Robinson Amusement Company had a large force of workmen busy all day pitching the tents for their many attractions. The management of course had to contend with some opposition from citizens and business firms who objected to the tents being erected in front of their houses or too near their places of business; but the attractions were all finally located, and Second, Third, Market, Sutton and Wall now present the appearance of a tented city.

Many of the shows gave their initial performance last evening and all of the attractions are to-day in operation. The company promises that every exhibit is worthy the patronage of the public, and that nothing of an offensive or immoral nature can be found with this combination. The aim of Mr. Robinson has been to elevate this kind of amusement.

The streets were crowded last night, and with the music of many bands the highways of Maysville present a gala appearance. Business places are gaily decorated, flags are flying, banners are waving and the week's carousal is on. The management predict that this will be a record-breaking week.

In addition to the many other exhibits are the many free acts, while the band which belongs to the Robinson company is one of the very best traveling organizations ever in our city.

The marriage of Miss Louise Gable to Mr. Frank Harting of Lexington will be solemnized Tuesday, June 28th, at St. Patrick's Church, Rev. P. M. Jones officiating. The bride-elect is one of Maysville's most estimable young ladies, a sister of the Messrs. Gable of West Second street. Mr. Harting is connected with the Internal Revenue service. They will reside in Maysville.

Great excitement was caused in Hickman Ky., by a crowd of five hundred citizens visiting the different places where intoxicants were sold in violation of the local option law and giving the proprietors a few hours to leave town. Two carloads of beer confiscated at one place and shipped back to Evansville, Ind. It was with difficulty that the crowd was restrained from doing violence to several insolent violators.

The will of B. Showalter of Georgetown has been probated. He leaves ten shares in Bank of Georgetown to his grandson, Freeman B. Showalter. To his wife he wills the household goods and one third interest in the Smarr farm. The remainder of the estate is to be equally divided between his sons, Watterson and Jackson, but Jackson's is to be entailed and a trustee appointed for him. The estate is valued at \$150,000.

Darkness and Dawn the Volcano Show, Located corner Market and Second streets. We found on paying it a visit last night that it is a veritable opera house on the inside with comfortable chair seats for about 200. The work in this show deserves more than praise. Mr. Sturgis has certainly brought something new, something grand and beautiful. The scenic and electric spectacular is one of the finest productions ever shown in Maysville, and the show will no doubt do a land office business during the week. We recommend every one to take their family to this show. It's instructive and interesting, and after the spectacular, the moving picture part is laughable.
